Cumlouder: a new crazy company in the adult industry

First of all I would like to introduce myself.

My name is Borjan and I have been working for 11 years as a webmaster in adult industry.

It is our great honour to present on GFY our new product made for webmasters.

We started a production company almost three years ago in Spain called **CUMLOUDER** in which we wanted to produce something different and funny porn.

After this time, we have became the most well known brand in the Spanish-speaking business area of this industry.

Since one year ago, we have started to shoot our contents in English and we are now ready to launch our international version.

You'll find 18 different series on <http://www.cumlouder.com> :

Posts: 3,034</p> 	<p>#42</p> <p>So, are you also the owner of serviporno right?(i can see the announcement in your blog), site with tons of full videos from all major major content producers of the world.</p> <p>I see full videos from reality kings, ztod, brazzers, etc etc etc. All of them are there!</p> <p>Also your site videogratistv and the rest have full videos from everyone on GFY!</p> <p>This is the reasoning you make in your blog on July 16, 2012(link):</p> <p>"Whoever knows some about how the american market works, knows most of porn traffic is in tubes. A lot of that traffic has been given to them by us, spaniard webmasters and the rest of the countries and have made tubes like xvideos top webs in the world. The traffic is there, will not change, at least for now. We also didn't have brazzers fortune to buy the tube network they have (pornhub, tube8, pornMD, Spankwire, keezmovies, etc..), so we decided to take our stake and make our own tubes..." (and use everybody else's full scenes in our sites)</p> <p>So, you own lots of sites with full movies from members in this forum, content producers who didn't give you permission to broadcast their scenes in full and you como here as a hero to present your program?</p> <p>Beware GFY content owners and producers, if you guys hate and complain all the time about manwin and Fabian, this guy is much, much worse than him.</p> <p>For starters, you can go to serviporno dot com and see thousands of full movies from elegant angel, naughty america, brazzers, reality kings, and more and more. Everyone is there!</p> <p><i>Last edited by 19teenporn: 12-03-2012 at 09:03 PM..</i></p> <div></div> <div>Quote</div>

borjan Registered User  Industry Role: Join Date: Aug 2008 Location: Spain Posts: 68 	Hi Guys, about serviporno 😊 Our biggest traffic is from these countries: Bolivia, Colombia, Ecuador, Peru, Paraguay, Chile, El Salvador, Republica Dominicana. Is not an excuse, it's true, as you can see in Alexa It is really strange but since we created Cumlouder we've always had hundreds of videos on all the tubes. Right now, XVIDEOS has a lot of our complete videos, and it's the biggest tube in the world. We know we are serving complete videos, and we know not doing damage any producer. How Serviporno works 😊 It takes videos from other tubes and replicate them. All the SERVIPORNO videos are automatically downloaded from other tubes ... You can see exactly the same videos on other tubes , even with the watermarks that other tubes demand . There is a DMCA for erasing any video, just like on any other tube Of course, we don't have any problem with improving everything that isn't well done and I totally accept any constructive criticism, even destructive criticism. Serviporno is a test tube for spanish traffic (we are losing a lot of money with it), if you want kill us for that, sorry guys, I accept your critical. Hi AdultKing, we know it, is the way we choose to open and test tube hosting the videos on spanish traffic, using the videos from other (legal) tubes.

We know also we know not doing damage any producer NOW and we have DMCA.

Also we are now working on the content partner program, in contact with other companies! 😊

Yes, he is.

But hey, his traffic is from south ammerica, it doesn't matter he uses other people's work to make money, as he puts a link to his own program under other people's videos.

And he still doesn't care. He gives his ridiculous excuses and keeps answering to his friends in this thread and talking about keep working and making business.

This has to be a joke.
